

Considerations for Enrollment NwOESC Work Transition Program

- Students who will be at least 16 years of age and preferably completed three years of high school. Students who have completed less than three years will be considered on a case-by-case basis.
- Students being considered for the Work Transition Program should be on-track with having earned credits for graduation based on the number of years of high school completed, including having met credit requirements for both Health and Physical Education
- Students desiring a vocational based classroom curriculum including community based, non-paid work experiences.
- Students that have completed, or are scheduled to complete, a vocational evaluation that indicates successful potential for community employment.
- Students that have had prior community work experiences such as work study, job training, job shadowing and/or summer employment.
- Students and parents show a commitment to community employment after graduation.
- Student is able to transition from one activity to another and handle changes in routine without negative physical responses.

***Each student referral is handled on an independent basis. Special considerations may be made, if deemed necessary.**
