

# Dental Plan Options

Participating "Delta Dental PPO" and "Delta Dental Premier" dentists can be found at [deltadentaloh.com/NBHP](http://deltadentaloh.com/NBHP) or call 800.524.0149

- \* You have access to two nationwide networks of participating dentists: Delta Dental PPO<sup>SM</sup> and Delta Dental Premier®. You may use both networks in all dental plan options.
- \* Your out-of-pocket costs will likely be lower if you use a Delta Dental PPO provider. Based on the fee schedule, it is generally lower than the maximum approved in the Delta Dental Premier networks. You are responsible for the deductible and coinsurance; no balance billing by your dentist for the Delta discount.
- \* If you choose to see a non-participating provider, your benefits remain the same. There is no penalty for using an out-of-network provider, but you may be balance billed for amounts in excess of usual and customary. Delta Dental will send you a check for covered services and you are responsible for paying the provider.
